SANDERS STEVENS

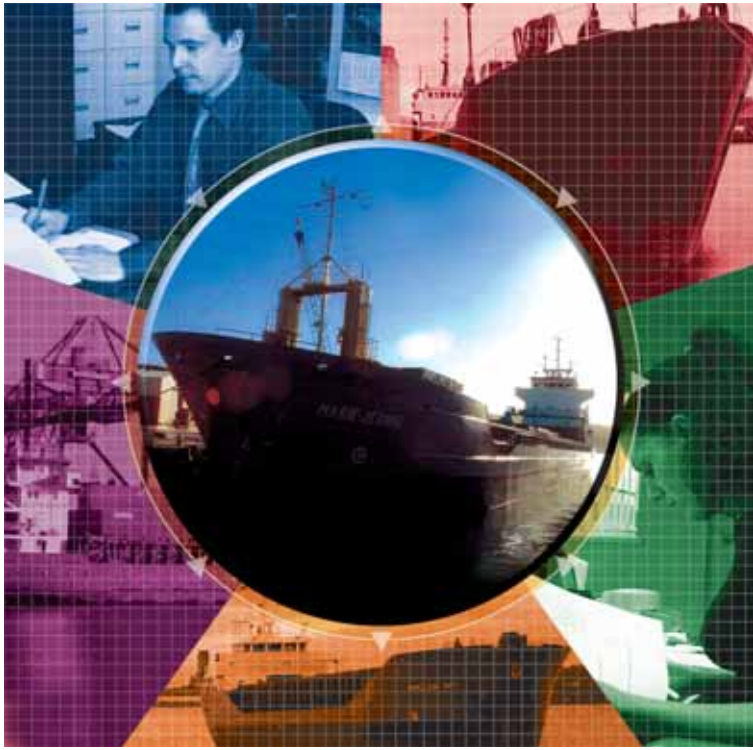
A TRADITIONAL SHIP BROKERING AND CHARTERING AGENCY



A MEMBER OF THE
VICTORIA GROUP
OF COMPANIES

PORTS OF EXCELLENCE
www.victoriagroup.co.uk

PROVIDING THE HIGHEST STANDARDS OF PROFESSIONAL SERVICE TO THE SHIPPING INDUSTRY

Sanders Stevens has a long tradition of providing a full range of professional ship's agency and broker services. We are a Company member of the Institute of Chartered Shipbrokers. We also have representation on the Institute's Federation Council and Sea and Water, an independent industry association promoting the movement of goods by sea and inland waterways. Thus we are able to offer not only the highest standards of professional service, but also a full range of the most up-to-date and informed opportunities available to the shipping industry.

Our agency services are available throughout the UK. We have offices at Sharpness Dock (serving the Bristol Channel and South Wales); at Victoria Wharf, Plymouth (serving the South Coast); at the Port of Boston (serving the Wash and South East England); at Mersey Wharf, Bromborough, (serving the North West), and at Seaham Harbour, County Durham (serving North East England).

PORTS OF EXCELLENCE
www.victoriagroup.co.uk

Throughout our network we handle over 1,000 vessel agencies each year. Sanders Stevens provides a professional service, based on extensive experience and professional qualifications. We handle all aspects of vessel agency activity, and are dedicated to protect and serve the interests of the master and owner. We can assist with customs clearance and documentation; bunkering; fresh water; chandlery and repairs.

We pride ourselves on the ability to provide accurate, real time information to the ship's master and owners. Combined with our extensive local knowledge and influence, this ensures the quickest possible despatch of your vessel.

Our Chartering Department offer both exclusive and open market cargoes from throughout the UK and the European Union. We have extensive knowledge of providing services to and from the Baltic, Scandinavia, Northern Europe and the Mediterranean, as far as North Africa.

As a member of the Victoria Group of Companies, we are able to offer clients a professional and seamless communication route with the port operators.

For clients using the port facilities of the Victoria Group, we can arrange for detailed requirements to be met through a logistics service tailored directly to their needs. Our services include a range of customised storage and handling options to ensure that cargos reach their destination exactly as the Charterer, cargo owner and end user would wish.

These services compliment the "Ports of Excellence" experience offered by the Victoria Group. In addition to looking after the ship's interests, our facilities enable vessel owners to offer added value services to their clients – please contact us to discuss your requirements.
